

Dear MOOT team members

I am really excited to let you know Platform 9 has become an official sponsor of our 2023 pre-MOOT event. It is particularly nice that the founder, Patricia Gannon has been a supporter of our pre-MOOT for over 20 years and today continues that tradition as she launches the social audio app built for young Lawyers like yourselves.

As you all know, building your network and community is important for your career and this product will help you to do just that. Have a look at the website [www.platform9.com](http://www.platform9.com) or click [here](#) to join the waiting list.

I know you will be super busy with your teams and preparation, but if you are interested in learning more about this, Patricia will be available to meet you. Please contact her directly at [p.gannon@platform9.com](mailto:p.gannon@platform9.com).

# Platform 9

A social audio app  
for lawyers.
